Activities	Kind of partner you are working with	Relative part in % of these activities
<input type="checkbox"/> European projects/programmes <input type="checkbox"/> Leonardo <input type="checkbox"/> Mobility <input type="checkbox"/> Pilot projects <input type="checkbox"/> Thematic network		

<input type="checkbox"/> Socrates <input type="checkbox"/> Mobility <input type="checkbox"/> Pilot projects <input type="checkbox"/> Thematic network <input type="checkbox"/> Other Programmes (PCRDT, ESF,...) please specify		
<input type="checkbox"/> National projects and programmes		
<input type="checkbox"/> Regional projects and programmes		
<input type="checkbox"/> Local projects and programmes		
<input type="checkbox"/> Others		

Please specify which projects you are running on a :

Local level:

Regional level:

National level:

European level:

Q.5 What are your specific areas of action regarding U-E cooperation in education and training ?

VERY LITTLE

A LOT

- Mobility activities

Please specify the type of mobility activities (you can tick several boxes):

- Placement of students in industry
- Exchange scheme of personnel between University and Enterprise (in both ways)
- Involvement of industry persons in the University for teaching/research activities

- Training needs analysis
- Skills deficit analysis (forecast)
- Organisation of training activities
- Transfer of innovation

- R&D activities
- Curriculum design
- Job placements for graduated students
- Other, please specify :

Q.6 What are, according to your expertise, the most promising areas of U-E cooperation for the next years:

- Mobility activities

Please specify the type of mobility activities (you can tick several boxes):

- Placement of students in industry
- Exchange scheme of personnel between University and Enterprise (in both ways)
- Involvement of industry persons in the University for teaching/research activities

- Training needs analysis
- Skills deficit analysis (forecast)
- Organisation of training activities
- Transfer of innovation
- R&D activities
- Curriculum design
- Job placements for graduated students
- Other, please specify:

Q.7 Can you specify the components (in the U-E cooperation activities – see Q6) which have changed in the last 20 years ? Please mention the ones that have:

7.1 progressed in a significant way

Component 1: -----

Component 2: -----

Component 3: -----

7.2 decreased substantially

Component 1: -----

Component 2: -----

Component 3: -----

Q8 According to you, what are nowadays the 3 key challenges of the University-enterprise cooperation in education and training?

Challenge 1: -----

Challenge 2: -----

Challenge 3: -----

Can you identify the critical success factors in order to meet these challenges ?

Can you identify the main obstacles to be overcome in order to meet these challenges (European, national, regional, level)?

Q9 Are you still cooperating with other UETPs across Europe or in your region ? If so, please specify which ones.
