

## Long Term Activity (LTA) “Social inclusion in Higher Education”

### Moving closer to inclusive internationalisation in Higher Education

Dear Rapporteur,

Thank you very much for your willingness to take over the role of “rapporteur”. Each Workshop will have assigned moderators, presenters and rapporteurs. A “rapporteur”, in line with the moderator and the presenters, is a key player in each Workshop session. The rapporteur is responsible for noting key messages and recommendations to further promote inclusion and diversity. These will provide a better insight into all workshops, and all participants get a possibility to benefit from their content. The rapporteur should fill out the template with the basic findings of the Workshop (November 9, 14:00-15:30), add further input gained from the participants during the Gallery Walk (November 10, 09:30-10:30) and present the most important facts and findings to the plenum during the session “Conclusions, further steps” (November 10, 12:30-13:00). The presentation of the results should not exceed 4 minutes.”

The aim of your valuable input is twofold: to provide a better insight into Workshop sessions and to systematise all key messages into an overall conference document. The Workshop report will then be published in the form of recommendations to further promote a successful implementation of inclusion and diversity in higher education addressing the European Commission, National Agencies and higher education institutions.

We do hope that your valuable insights will become an important part of the conference.
