TCA on ‘Dissemination, Sustainability and Impact in Erasmus+ Strategic Partnerships
Focus on Impact

In Erasmus+ more than ever the focus is on what the real impact of projects is on individuals, organisations, on the system.

Our efforts to make impact more mainstream:
• Discuss impact during info and monitoring meetings
• Train our experts: how to assess impact?
• Development of an Impact Tool (based on the ToC) for:
  ✓ Potential KA2 applicants
  ✓ KA2 coordinators (in development)
  ✓ KA1 coordinators (in development)
Impact Tool
