Shaping the Digital Future Together

German-Ukrainian Cooperation in Higher Education

Dr. Gisela Zimmermann
DAAD-Information Center Kyiv
Objectives of DAAD Project Funding

DAAD as driving force for the internationalisation of HEIs

DAAD-Programmes

- Foster internationalisation of German HEIs
- Are essential components of individual Internationalisation strategies of German HEIs
- Increase the visibility of the German higher education system on the international education market
- Support implementation of new structures in developing and threshold countries and support conflict prevention and reconciliation
Shaping the Digital Future Together
German-Ukrainian Cooperation in Higher Education

- Promoting the internationalisation of Ukrainian and German HE-institutions by strengthening existing cooperations and initiating new partnerships
- Transfer of know-how by employing new digital methods in research, teaching and administration
- Strengthening European structures in Ukrainian higher education and research
Track 1: Support of Internationalisation by Digitalisation

What?
➢ Use of digital solutions for innovations in teaching and administration
➢ Digital modernisation of HEI services
➢ Joint development of new formats of communication, network building and internationalisation
➢ Increasing digital competence of the partner institutions

Who can participate?
➢ Employees, researchers, students of Ukrainian and German HEIs

How much?
➢ 2 years with a maximum of 100,000 € per year
➢ Possible renewal for another 2 years
Track 2: Training Programmes in Higher Education Management for Ukrainian HE-Administrators

What?
- Part-Time, blended learning master or certificate programme (in English!)
- Participants continue working in their current positions!

Who can participate?
- Employees of Ukrainian HEIs (Travel and accommodation costs)

How much:
- 2 years with a maximum of 150,000 € per year for German HE-institutions to develop and manage continuing educations modules;
- Possible renewal for another 2 years
Track 3: Support of Internationalisation by Digitalisation

**What?**
- Measures fostering internationalisation and digitalisation for no longer than 3 months

**Who can participate?**
- Members of Ukrainian and German universities (students, employees, etc.)

**How much:**
- 2 years with a maximum of 40,000 € per year
- Possible renewal for another 2 years
Applicants for DAAD Project Funding

DAAD-Call for Funding ➔ Application of German HEIs ➔ Evaluation Process

➢ Presentation of the project with relevant objectives relevant to the call.

➢ Financial plan

Projects are selected for funding by an independent committee of academic experts on the basis of the funding criteria announced in the call.

➢ Applicants and project recipients are German HEIs!

➢ Involvement of the partner institution in preparing the application is encouraged!
Thank you for your attention!
