Thank you!

The NA DAAD would like to thank you all very much for your untiring commitment in these difficult times! We are pleased that we have continuously been able to stay in touch despite all the challenges - including communication - that the Corona Pandemic brought with it. This has enabled us to overcome the impact of the crisis on the Erasmus+ programme together. We would also like to take this opportunity to thank the European Commission for the flexibility it has shown us in project management. We would also like to thank the German Federal Ministry of Education and Research for its continuous support and for financing the event.

TRANSNATIONAL COOPERATION ACTIVITY

Erasmus+ Projects: Teaching and Learning in a Digital Age

Internationalisation places far greater demands on the content of universities today than it has in the past. In addition to the exchange of students and lecturers, and the implementation of projects, new demands are also placed on teaching, studies and internationalisation@home.

Digitisation plays an extremely important role in internationalisation. This involves the development and mediation of digital learning content in an 'international classroom' that can also include students who do not go abroad. It can also involve digital components for the preparation, implementation and follow-up of stays abroad by students and teachers.

This TCA would like to bring together representatives of projects, interested parties and national agencies in order to focus more on this topic. In addition to discussion rounds and expert exchanges, concrete examples from projects that are setting trends for the digital internationalisation of universities will be presented and discussed.

This conference will focus specifically on projects from Erasmus+ Key Action 2 (Strategic Partnerships, Knowledge Alliances, Capacity Building, Erasmus Mundus and Jean Monnet Activities) and Key Action 3 (Forward-Looking Cooperation Projects, European Policy Experimentations and Social Inclusion). We invite participants to explore together digital formats and their relevance for the development of international cooperation and connectivity.

We are looking forward to informative and innovative exchanges as we welcome you to share your expertise with the wider Erasmus+ community.

CULTURE PROGRAMME

Welcome to Cologne and Bonn, Germany!

The German National Agency for Higher Education Cooperation at the German Academic Exchange Service (DAAD) is located in the former German capital of Bonn. Our event was going to be held in the nearby city of Cologne, only about 35 kilometers from Bonn. While we are disappointed that we will not have the opportunity to show you where we live and work, we still wanted to share the sights with you.

With the following link you can visit Cologne, the fourth largest city in Germany, with one of the tallest cathedrals in Europe and the world: <https://www.youtube.com/watch?v=jizE01fkJfY> (Courtesy of ExpediaDE)

With the following link you can visit Bonn, the birthplace of the world-renowned composer Ludwig van Beethoven. This year the city is celebrating his 250th birthday: <https://www.youtube.com/watch?v=q7H0kbuUpz4> (Courtesy of Bundesstaat Bonn)

German speakers can see how this celebration is being carried out with the help of an app with the following link: <https://www.youtube.com/watch?v=l4Uj-rcMmOo0&list=RDCMUC2kuG2O3pr60xmclC2c6b4g&index=3> (Courtesy of WDR Reisen)
